

My name is Romaniuc Ionut-Alexandru, I 'm 11 years old and I'm in the 5th grade at Gropnita Professional School. I am an obedient child and try very hard to learn better and better in school, to gain good grades, and to finish the school here, in the village where I was born, but after school this I wish to move to Iasi for high school.

I am participating in this project along with my 9 years old little sister, Elena – Valentina, because in these activities we learn new and useful stuff which can be applied in school, or even in the daily life. I learned how to be responsible, to be kind to everybody, to be obedient and a lot of other valuable teachings.

I wish to attend other projects useful for me.
